

KITTY LOUNGE DO'S AND DON'TS

1. **DO** sanitize your hands before and after entering the Café, for the safety of our cats and your own family.

2. **DON'T** pull a cat's tail, ears, whiskers or fur or touch their eyes. DO pet them gently.

3. **DON'T** pick up a sleeping cat. If a cat looks like it doesn't want to be disturbed, then leave it be. We don't want anyone to get scratched or bitten by a cat who's upset.

4. **DON'T** make loud noises. Cats startle easily and they appreciate you being quiet.

5. **DON'T** use a flash. Photographs are fine but the lights can damage their extremely sensitive eyes.

6. **DON'T** give human food to cats. Our cats are well fed and people food can make a cat sick.
